MACROCOSM[®]

The Universe of Engineers...

PROFILE

Macrocosm – The Universe of Engineers has set a benchmark for excellence in quality coaching to Degree Engineering students.

The firm was established on June 01, 2001 the first of its kind in Gujarat. We are the pioneers in providing coaching and creating an atmosphere where the students are encouraged to use their potential to achieve a distinction career in engineering enabling them to get admissions in recognised institutions of higher learning anywhere in the world at the same time they can choose to join a well established corporate organisation with confident access. The very first batch came out with flying colours having rankers, the tradition of successful performance of our students continues uninterrupted. The registered trade mark of the firm has been approved by the Government of India, complying all the necessary rules & regulations in the year 2008.

In order to fulfill the growing demand of the students, Macrocosm is expanding very soon, starting a new location thus adding a feather to its cap.

WELCOME TO MACROCOSM

OUR TEAM

- **Dr. Deepak J. Bhatt** M.E.(Civil), Ph.D. (Roorkee University)
38 years of teaching Experience & retired as a Principal of Govt. Engineering College, Modasa.
- **Mandar Bhatt** M.E.(Mechanical)
Teaching all the Basic and Design subjects of Mechanical since 2001.
(Mob) : 98240 35829, Email : mdbhatt@macrocosm.co.in
- **Avni Shah** M.Sc. Statistic (Gold Medalist)
Teaching Mathematics and specialist in Operation Research since 2002.
(Mob) : 98981 83102, Email : avnishah@macrocosm.co.in

- **Pina Bhatt** M.E.(Mechanical)
Teaching all the Thermal & Fluid Subjects of Mechanical since 2009.
Initially was working as a lecturer in Govt. Polytechnic College since 1998.
(Mob) : 99040 22488
Email : pmbhatt@macrocosm.co.in
- **Megha Shah** B.E. (Instr. & Control)
Teaching all the major subjects of IC/EC/Electrical since 2003.
(Mob) : 98795 30270
Email : meghashah@macrocosm.co.in

MATHEMATICS –I, II, III & IV FOR ALL BRANCHES

COMMON SUBJECTS FOR 1 YEAR

Engg. Graphics	Mechanics of Solid
Computer Programming	Ele. of Electrical Engg.
Ele. of Mechanical Engg.	Ele. of Civil Engg.

ADVANCE SUBJECTS FOR CORE BRANCHES

(Civil, Mech., Auto., Metallurgy, Environment, Chemical etc.)

Machine Design	Fluid Mechanics
Structure Analysis	E l e c t r i c a l
Technology	
Kinematics	Thermodynamics
Dynamics of Machine	Fluid Power
Heat & Mass Transfer	I. C. Engines
Operation Research	

ADVANCE SUBJECTS FOR HIGH TECH BRANCHES

(Electrical, EC, IC, Biomedical, CE, IT etc.)

Digital Logic Design	Circuit And Networks
DBMS	Data And File
Structure	
Basic Electronics	Electrical Machines
Control Theory	Microprocessor
Advance Electronics	Object Oriented Prog.
Microcontroller	Electromagnetics
Operating System	Computer Network
Electronic Communication	

SALIENT FEATURES

- Well qualified & experienced faculty.
- All faculties are dedicated to Macrocosm only.
- All Subjects under single roof.
- Limited batch size to provide personal attention.
- Special batches for outstation students on Saturdays & Sundays.

Early beginning would be more fruitful.
